

New Teacher Spotlight- Mrs. Danielle Sittol

Staff Writer

Mrs. Sittol, a second new math teacher, grew up in Stamford and attended Greenwich Academy and Cloonan Middle School. She graduated from the University of Pennsylvania with a bachelor's degree in biology and minored in Spanish. After UPenn, Mrs. Sittol earned her MBA degree from UConn then got her teaching credentials from Pace University.

In her fourth year teaching, Mrs. Sittol previously taught at a school in the South Bronx and then Stamford Academy before coming to Stamford High. She said that she loves our school and enjoys its diversity. Her goal for this year is getting used to such a big school after teaching at smaller schools.

Mrs. Sittol enjoys the math department and says everyone there is "hysterical". This year she is teaching Academic Algebra, Algebra, and Geometry. Before starting her teaching career, Mrs. Sittol worked in an animal testing lab as a mouse surgeon! We are very excited to have Mrs. Sittol this year; please stop by room #826 to give her a warm, comforting Black Knight welcome. Watch out for the mice!
